1. WHAT IS A COOKIE AND WHY WE TALK ABOUT IT

Cookies are small text files that the website can save on your device when you visit it. This website may also use technologies similar to cookies, such as browser local storage or other similar storage tools.

2. WHICH COOKIES THIS WEBSITE USES

This website uses technical cookies necessary for its operation, for which your consent is not required, and, only with your prior consent, any additional cookies non-essential to its operation.

For a complete and up-to-date list of cookies and similar technologies used, please consult the **cookie preference management panel** of the website, managed in real time via Usercentrics, accessible via the banner that appears on your first visit to the website or from the designated icon at the bottom of every page.
